

OBJECTIVE Analyze user needs for creative design solutions that are aesthetically pleasing.

EDUCATION Art Center College of Design
Bachelor of Science Degree .03 - .07

Academy of Art University .99 - .03

Georgia Southern University .94 - .98

EXPERIENCE Knot Design .11
Product Designer
Consulted design for sunglasses in the up coming Melodies line by Mary J. Blige. The designs reflect her personal style and love of 60s eye ware while infusing a fresh approach on it for today.

Cleveland Golf .10
Product Designer
Created golf drivers with a new inspired design. The drivers look to enhance the playing experience through exploring the design of speed boat moving through water to challenge design of objects that move through air.

G1 Design .10
Designer
Graphic logo design for a race team that shows passion for racing. The logo reflects being a strong force in the sport and longevity as a team.

Stuart Karten Design .09
Product Designer
Worked with a team designing and rendering blue sky concepts for an electronic company who look to aggressively move into high end audio equipment.

Jakks Pacific .09
Product Designer
Designed and illustrated concepts along side an entertainment movie for release in the near future. Project involved working lights/sounds for action play.

Mattel .07- .09
Product Designer
Lead Designer for two lines. Real Working Rigs introduces larger diecast trucks with multiple moving parts. The Super Convoy line is scaled up and creates play with other diecast vehicles for new buyers and existing collectors. Developed vehicles alongside other designers to make Matchbox the fastest growing brand in Mattel.

Axis Wheels .07
Product Designer
Designed two new rims for the next generation of wheels in the line-up helping the company to achieve the highest position in after-market sport and luxury wheels.

Audi Transportation Design .06
Lead Designer
Was heavily involved in the A7 Sportback concept, designing this vehicle on a designated platform geared for production that reflects athletic sportiness and all of Audi's core qualities. Proposed a new vehicle type for Seat, a passionate Spanish company within the Volkswagen Group, to increase sales and love of VW products.

CREATIVE SKILLS + Theme Development + Translation 2D to 3D
+ Concept Processing + Packaging Knowledge
+ Manual Rendering + Storyboard Sequence
+ Photoshop Rendering + Clay Modeling
+ Photo Real Rendering

DIGITAL SKILLS + Photoshop + Solidworks
+ Illustrator + Alias
